2019 - 2020

VISION & MISSION

Our vision for the future is to provide support and advice to youth aged 13-18 to find a new light and to overcome issues like homelessness, abuse, etc.

Currently as of the publish date of this document, we are not qualified and/or legally cannot give or provide advice to minors under law. We are currently information-based and only provide resources to minors.

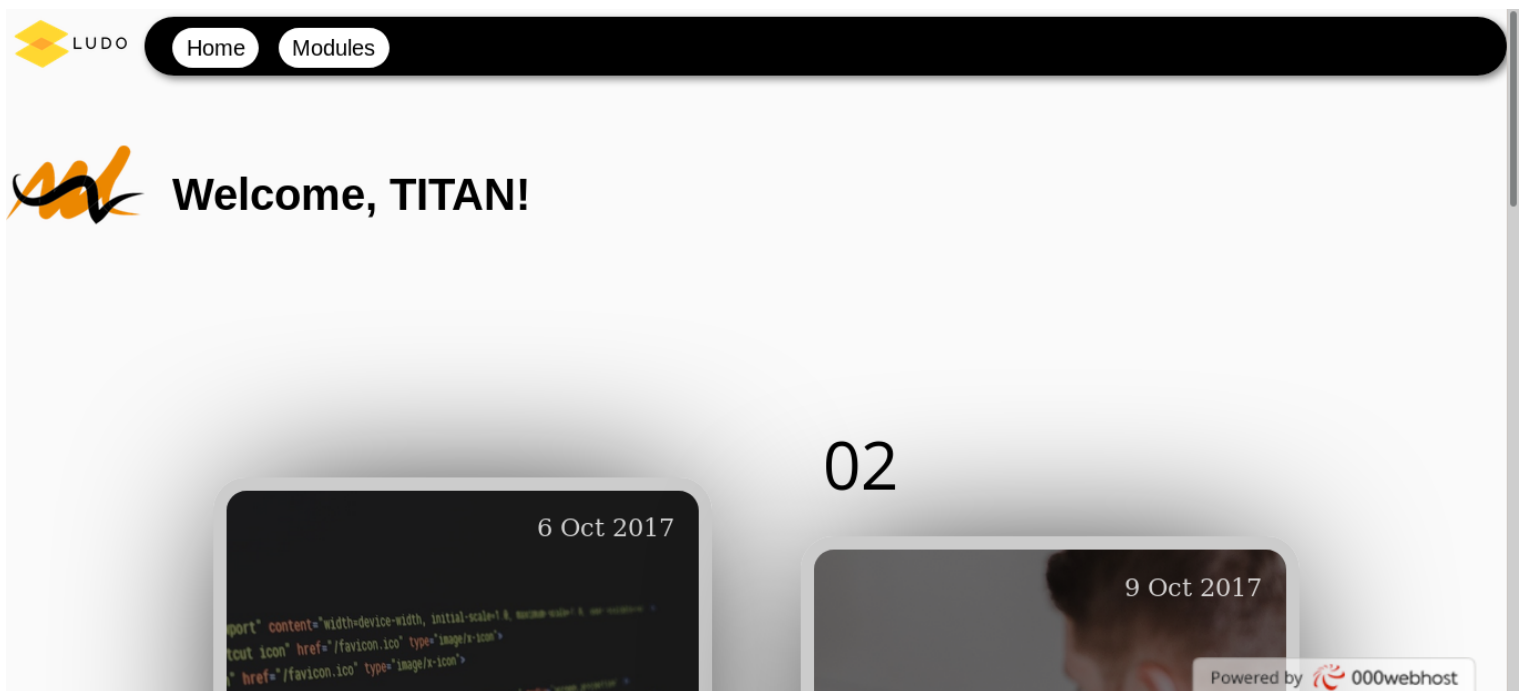

We want to help kids reach out to services they may have never heard of. We want them to find a new light into their life.

TITAN was made out of which now doesn't exist or nobody has heard of, The International Youth Support Association. It was housed in America and has been shut-down since 2011. TITAN was later taken over and brought out of the rubble by the founder, Dillon Veit. Later on, we started The Queer Cause, and invited Mark Turnbull to be apart of it. Mark now manages The Queer Cause, with it still being apart of TITAN. Mark was appointed Founder of TITAN and The Queer Cause in 2019.

L U D O

LUDO is our new enterprise and education training service developed by Ludo Education Ltd. It was taken over by TITAN due to the CEO stepping down for financial reasons. This service is easy and simple to use, with a website dedicated to each particular school or business. Our learning model is that we won't give you a piece of paper or lecture you. We will give you activities to do as well as quizzes or anything the school might want us to implement. Below is a in-the-works mockup of the website which is only in beta for TITAN at this current time.

THE QUEER CAUSE

The Queer Cause is a LGBTQ+ community group that runs locally in Mildura, Victoria, Australia. The group is still in the works, with it being revamped with a new logo and new policies and precautions to protect the members and volunteers in the group. We will do fun stuff like go to the park or go to a certain place to talk about a particular subject.

At the end of the year, we throw a big Christmas party, inviting along members as well as LGBT representatives. Members or anyone who shows up can bring food for the party, and there will be music to dance to.

NOTICE: The employment service is in the works due to qualifications.
